Hunt will close the intersection of Kamokila Blvd. and Franklin D. Roosevelt Ave. for two months beginning later this month through July. The shutdown is being scheduled to coincide with Barbers Point Elementary School's summer break in order to minimize traffic impacts. Contractors will work overtime and 7 days a week to complete construction during a condensed timeframe with a goal of completing work prior to the start of the new school year.

Hunt's construction team has made every effort to keep the intersection open in a safe manner; however, after consulting with engineers and appropriate government agencies, it was determined that closing the intersection would be the safest option for the community and Hunt contractors.

During this time, traffic signs will be installed. Barbers Point Elementary School, Kapolei Judiciary Complex, and Costco Kapolei will still be accessible. Any changes to road closures or construction will be announced as it becomes available.

*Traffic flow during closure of Kamokila Blvd. and FDR Ave. intersection.
Traffic control signage will be installed.*

 Closed  Drive with Caution

FDR Ave: Changes from 2-lanes to 4-lanes along the entire length of the project with two lanes in each direction. This new segment will have sidewalks on both sides of the road, which will increase walkability in the area.

Kamokila Blvd: Kamokila's 4-lane roadway extends into the Kalaeloa project. The Kamokila extension will also have two travel lanes going in both directions with bike lanes continuing on both sides of the roadway.

The goal is to complete these necessary improvements as efficiently as possible while providing safe access in and around Kalaeloa with minimal interruption. Because this is a long-term project, we want to make sure you are able to get the updates you need in a timely manner. You will find them at our website, and if you have any questions, feel free to reach out to the email address below:
